

Vox Pupuli Community Update

2025 Edition

\$ whoami

- Tim 'bastelfreak' Meusel
- Puppet Contributor since 2012
- Merging stuff on [Vox Pupuli](#) (Puppet Community) since 2015
- Vox Pupuli Project Management Committee member
- Senior IT Automation Consultant at [betadots](#)

Vox Pupuli

What?

- Maintain ~~178~~->188 Puppet modules
 - And Rubygems!
- Be helpful and polite to each other
- Be open-minded to people and technology
- Provide a home for orphaned Puppet modules
- Unite lonely module and tooling authors to a collective
- Ensure continued development for our code

Vox Pupuli

What?

- All major `puppet-lint` plugins (shipped by PDK)
- `FacterDB` (shipped by PDK)
- `metadata-json-lint` (shipped by PDK)
- `json-schema` (shipped by PDK)
- `rspec-puppet-facts` (shipped by PDK)
- `puppet-blacksmith` (shipped by PDK)
- `puppet-syntax` (shipped by puppet-dev-tools container)
- `ra10ke` (shipped by puppet-dev-tools container)
- `onceover` (shipped by puppet-dev-tools container)
- `Beaker` (Perforce uses it internally)
- `hiera-eyaml` (shipped by PE and puppet-dev-tools container)

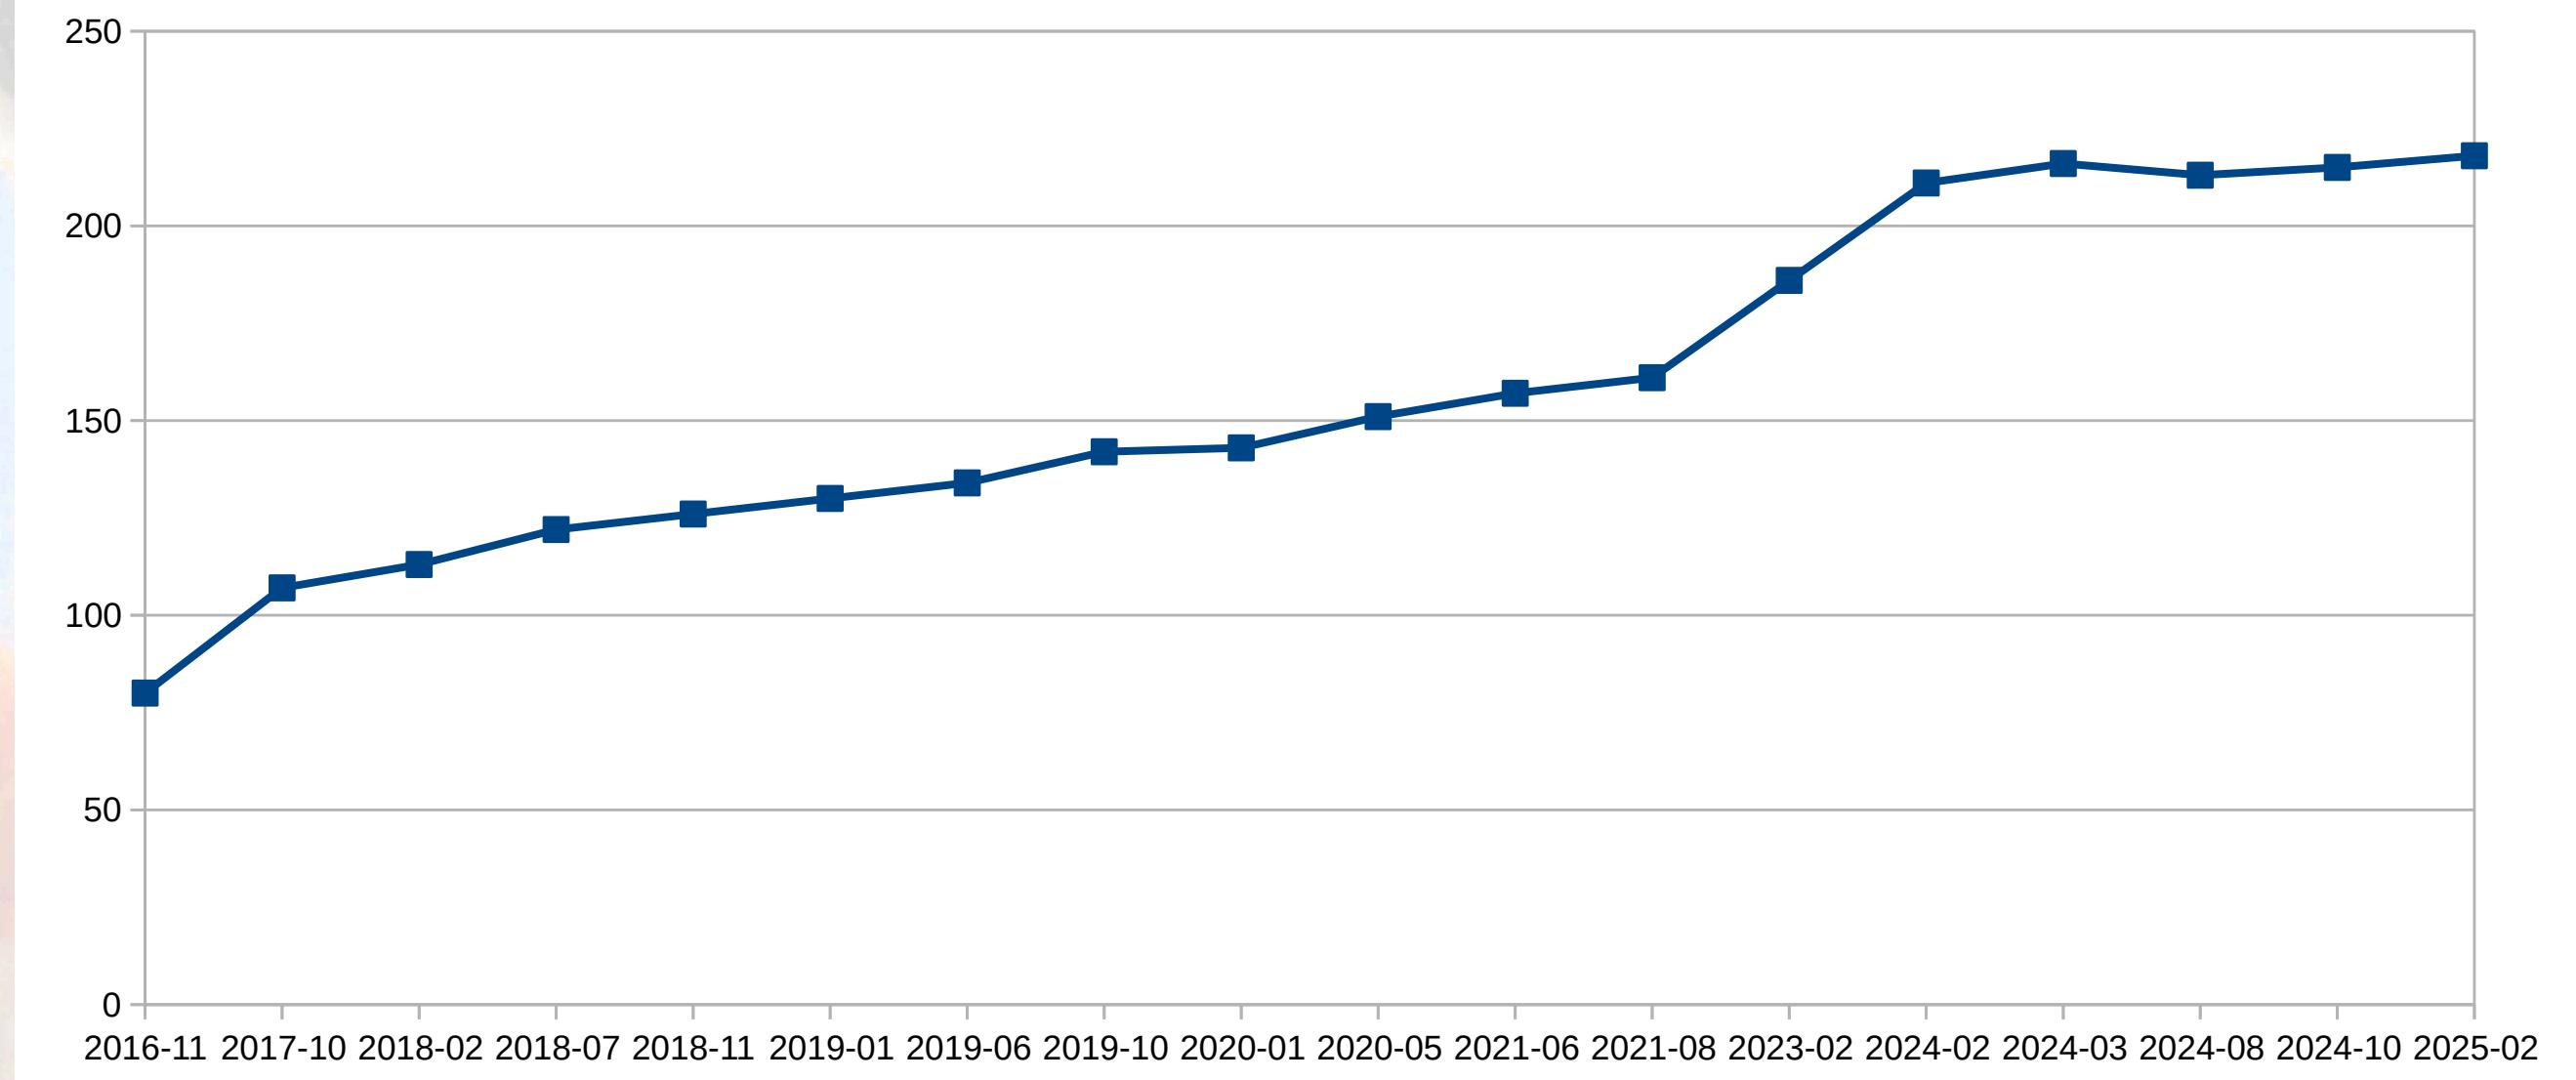

Vox Pupuli

What?

Who?

- Amount of Vox Pupuli members with merge permissions
- 211 people last year at cfgmgmtcamp, 218 right now!

Vox Pupuli

What?

Who?

\$\$

- For a few years, we explored options to receive fundings
 - become a legal entity, or join an existing group

- For a few years, we explored options to receive fundings
 - become a legal entity, or join an existing group

Existing groups:

- Linux Foundation
- Software in the Public Interest (SPI)
- Open Source Collective (OSC)

Vox Pupuli

What?

Who?

\$\$

- November 2021: Perforce announced to sponsor us!

<https://dev.to/puppet/help-us-understand-how-you-use-open-source-puppet-51aj>

> For each survey response, Puppet will donate \$1 to Vox Pupuli via Software in the Public Interest (SPI). Plus you can opt in to a raffle to win a new Apple Watch Series 7.

Vox Pupuli

What?

Who?

\$\$

- Now we had a motivation enable us for funds
- We tried to join SPI, but that requires actual paper work
- During config management camp 2023, we joined [Open Source collective!](#)

Vox Pupuli

- received \$11,649.78 USD (after fees)

3 year recap

- Received a single \$8,000 USD donation from Microsoft (WTF?! ❤)

Jeff Wilcox (@jeffwilcox) posted a thread of five tweets on June 15, 2024, at 3:49 AM. The posts show Microsoft sponsoring various GitHub maintainers on GitHub Sponsors. The sponsorships are dated 3:52 PM on Jun 15, 2024. The maintainers listed are jpadilla, JoshClose, JoshuaWise, josefpihrt, and josdejong. The sponsorship amounts are \$1000.00 for each of the first four and \$2000.00 for josdejong.

Nice Friday here... sponsoring some open source maintainers and projects that we depend on using our engineering inventory and data #fossfund #opensource

Sponsors

CI

- We could improve DevX with bigger and/or more CI runners
- We considered paying for bigger GitHub runners
- We experimented with self-hosted runners
- GitHub doesn't provide proper CI stats, so you cannot estimate the costs
 - I wasted 100€ for large GitHub runners, for just one repo, in one day

CI

Future

- For config management Camp 2025 we reimbursed 4267\$ of flight/hotel costs
- We want to sponsor more people in the future to attend conferences
- We have 5,317\$ on our bank account and 300-400\$ monthly income

Vox Pupuli

- So far Puppet/Perforce didn't provide the promised sponsoring
